## Halloween Safety

For children, Halloween is a fun day to dress up, collect candy and watch scary movies. For parents, it can be a real-life nightmare. Keep your kids safe this Halloween with these tips:

- ◇ Map out the route you plan on taking. If older kids are going
  - ◇ Bring along a flashlight.
  - ◇ Don't enter a strangers house or vehicle.
- ◇ Use face paints instead of masks. If you do use a mask, make sure that eye, nose, and mouth holes are large enough to not restrict breathing or vision.
- ◇ Wear light-colored clothing and use reflective tape & stickers in multiple places on costumes and bags to maximize visibility.
  - ◇ Look both ways before crossing streets & only cross at corners.
    - ◇ Walk, don't run.
  - ◇ Wigs, capes, & costumes are flammable, so beware of open flames.
- ◇ Use glowsticks or battery operated candles in jack-o-lanterns instead of candles.
  - ◇ Only visit houses with porch lights on.
  - ◇ Approach houses on the sidewalks, don't walk across lawns.
- ◇ Be cautious of animals, especially dogs that might become easily spooked.
- ◇ Younger kids should always walk with an adult. Older kids should walk with a group.
  - ◇ Only wear well fitting shoes and costumes.
- ◇ Make sure an adult checks all candy. Throw out any candy with torn or no wrappers.

Parents-  
Be sure to bring your Trick or Treater to the Sutton Volunteer Fire Department during Trick or Treating time on October 31st for a special treat courtesy of the Sutton Volunteer Fire Department.
